

BAR1

High-power audio for your living room

The elegant Roth BAR 1 Soundbar and Wireless Subwoofer audio system is the easiest way to achieve a stunning sound with your flat panel television. Designed for stand or wall mounting, this compact 2-inch soundbar offers the unbeatable combination of crystal clear audio with simple plug and play connectivity.

As TV's become slimmer it is unfortunately inevitable that the audio will suffer, so you have a stunning HD picture but the audio capability of a mobile device. Welcome into your life the BAR1; never again will you struggle to hear what is being said, no more need to keep reaching for the volume control – its time to back up the crystal clear picture with crystal clear audio.

With 8 mid-range drivers, 2 high frequency tweeters and a wireless subwoofer no detail will be lost. And yes the Subwoofer is 'wireless' so no messy cable runs and instant installation. Supplied with table mounts and wall brackets the option is yours for placement.

Elocution for your TV.
