FM/DAB/Internet - Wi Fi & Wired /iPod & iPhone Dock

The Roth KRadio gives you access to FM and DAB radio stations and to any radio station that broadcasts via the Internet. Listen to the world in the comfort of your own home.

Not big... but clever.

Not dull... but shiny.

The Roth KRadio gives you a connection to the world.

If you have ever wanted to listen to music or news from a far-off country then the KRadio will allow you to do this through the power of the Internet. Simply connect via your Wi Fi network or to your Router and choose where you want to be in the world – the hard part is now choosing from the 1000s of stations you now have access to. Or you can of course opt for local FM or DAB stations. The choice is yours.

Choose to wake up anywhere in the world, with a dual alarm you can set to wake you with any station (or your iPod/iPhone).

A passport for your ears. Beautiful design for your home.
