

BAR 2LX

High-Power Soundbar with
Wireless Subwoofer

Roth

We're a British audio company with the desire to provide the very best audio products we can, with high-end performance, beautiful styling and with a feature set that is second-to-none.

The elegant Roth BAR 2LX Soundbar and Wireless Subwoofer audio system is the easiest way to achieve stunning audio with your flat panel television. Designed for stand or wall mounting, this compact Soundbar offers the unbeatable combination of crystal clear audio with simple plug and play connectivity.

As TV's become slimmer it is inevitable that audio quality will suffer, so you have a stunning HD picture but the audio capability of a mobile device. Welcome into your life the BAR 2LX; never again will you struggle to hear what is being said, no more need to keep reaching for the volume control – its time to back up the crystal clear picture with crystal clear audio.

Incorporating Bluetooth technology, you can effortlessly stream music from your mobile device, PC, MAC or Tablet – the BAR 2LX is not just a vast improvement on your TV's audio shortcomings, but it's a convenient high-quality Hi-Fi system as well.

With 4 full-range drivers and a wireless subwoofer, no detail in music or on the movie soundtrack will be lost. As the subwoofer works using wireless connectivity, it can be tucked away anywhere in your living room, up to approximately 30 feet from the soundbar. The Soundbar can be table or wall mounted, so how you listen is up to you.
